Long Island Spirits named by Bar Business as "American Single Malt Distillery of the Year" in 2015; is offering 300 (750ML) bottles of this rare whisky in its first release. Long Island Spirits will be offering the Pine Barrens™ "Bottled-in-Bond" series as an annual release, which will retail for about \$100 with each one of these highly sought after bottles having the release year hand written on the front label.

Bottled in Bond refers to American-made whisky that has been aged and bottled according to a set of legal regulations contained in the United States government's Standards of Identity for Distilled Spirits. The regulations are codified in the Bottled-in-Bond Act of 1897. In order to be labeled as "Bottled-in-Bond" or "Bonded," the whisky must be the product of one distillation season and one distiller at one distillery. It must be bottled and aged in federally bonded warehouses under the U.S. government supervision for no less than 4 years. The bottled product's label must identify the distillery by DSP number.

"I am thrilled by the cult like following Pine Barrens has developed over the years and the lucky few who are able to secure a bottle of this first release, will delight in the enchantment of this whisky;" Rich Stabile, Founder and Master Distiller of Long Island Spirits, adding; "we will continue to expand our Bottle-in-Bond offerings to include our Rough Rider Bourbon and Rye Whiskies as well."

"Long Island Spirits blazed new trails with Pine Barrens. It was a crazy idea, not only a hopped whisky, but one made from a carbonated finished and delicious beer! It was either going to be a train-wreck or a work of genius. It's extraordinary. The hops are woven in deftly to create a singular and complex whiskey. Whenever I travel to Ireland I used to gift a different bottle of American whiskey to friends & family there (whiskey experts all). Now every time it's Pine Barrens. I await this bonded iteration with great excitement." praised Francis Schott, Renowned Top Restaurateur and Popular Radio Host.

"This richly textured spirit has a cigar/cedar richness contains botanic-like qualities of eucalyptus & juniper. The decadent honey sweetness carries notes of cinnamon oatmeal, raisin & cherry skin in the everlasting finish. Bottled in Bond has an added richness to really stand out in a crowded field!" added, Gene Charness, Founder of Warehouse Liquors.

Pine Barrens American Single Malt Straight Whisky is named after the central Suffolk County, New York pine and wetland area, which is over 100,000 acres of Long Island. The Pine Barrens forest preserve, serves as a watershed that protects the Magothy aquifer that was formed 21,000 years ago when the glaciers receded creating one of the most pristine water sources in the United States. These pure water sources are iron free and ideally suited for producing the world's finest whisky.

Pine Barrens Whisky gets its start as a deliciously drinkable Barley Wine Ale beer that Long Island Spirits brews and ferments for about 3 weeks; rather than using a traditional "beer wash" or "distillers beer" that other single malts are produced from. Pine Barrens Bottled-in-Bond is then double copper pot distilled prior to being carefully aged in new American Oak casks for at least 4 years. Finally, this amazing whisky is then ready to be bottled at 100 Proof.
